

## Solution for Account Access: Password Reset

### Step 1: Use the 'Forgot Password' Feature

Navigate to the login page of the account and click on the 'Forgot Password' link. This typically requires you to enter your email address.

### Step 2: Check Your Email

After submitting your request, check your email (including spam or junk folders) for a password reset link or instructions.

### Step 3: Follow the Reset Instructions

Click on the reset link provided in the email and follow the instructions to create a new password. Ensure that the new password is strong and unique.

### Step 4: Update Password Manager

If you use a password manager, update it with your new password to keep track of your credentials securely.

### Step 5: Retry Logging In

Once the password is reset, attempt to log in to your account with the new password to confirm that the issue is resolved.

### Step 6: Contact Support if Issue Persists

If you are unable to reset your password or do not receive the reset email, contact the support team of the service for fu
